Rail Services

Train services in Kirklees are provided by three companies: First TransPennine Express, Grand Central Railway, and Northern Rail. The map below shows the extensive network of services operating from Kirklees, and the main destinations which can be reached directly from Kirklees stations. A new station is to be opened in May 2017 at Low Moor which is less than 3 miles from Cleckheaton and less than 2 miles from Scholes.

Bus services

Most bus services in Kirklees are provided by companies which are subsidiaries of bus giants Arriva and First Bus, though other smaller companies do operate within the area.

Total Monday -Saturday daytime route length in Kirklees is 375 miles with a daytime mean frequency of 3.2 buses each way per hour per route mile. Monday - Saturday evenings route length is 249 miles, with a mean frequency of 1.6 buses per hour each way.

Example Metrocard Prices:

	Countrywide bus	Rail zones 1 to 5 and countrywide bus		Countrywide bus	Rail zones 1 to 5 and countrywide bus

Train day rover: adult £7.20, concessions/children £3.60.

Metro day bus rover: adult £6.00, (Valid anytime, any day), children and young people **£2.75.** Metro Weekender (bus only) **£8**

Fares (October 2017)

Practically all bus and train companies operating in Kirklees and West Yorkshire accept Metrocard season tickets and Metro day rovers. Metrocards and Metro day rovers are administered by West Yorkshire Passenger Transport Executive and are available from post offices, railway stations and Metro travel centres. A number of types of Metrocard are available ranging from bus only (cheapest), to bus and all 5 rail zones (most expensive).

Some bus companies run their own pre-paid season ticket schemes, e.g. First, Arriva and Yorkshire Tiger, which offer substantial discounts for regular travellers. Companies also offer local area day tickets which vary in price according to the time of day travelled. Holmfirth and Meltham passengers can buy through rail and bus combined tickets on Connection bus services.

The HD One

Adjoining Huddersfield's award-winning John Smiths Stadium, just off the A62 Leeds Road, The HD One development is 5 minutes from both the centre of Huddersfield and junction 25 of the M62.

Kirklees Council has granted planning permission to site owners Kirklees Stadium Development Ltd (KSDL) to transform a 54 acre site astride the River Colne into a multi-use leisure, entertainment and sporting destination close to Huddersfield town centre. In September 2016 Kirklees Council cabinet approved a £4m loan to turn The HD One ski slope dream "into a reality". The site will build on the existing success of the stadium, the nine-screen Odeon cinema and the Kirklees Active Leisure health and fitness club, increasing expected annual visitor numbers from some 1.5m to over 4m.

The HD One will become home to a host of new activity attractions such as ten-pin bowling, open dry ski slope, indoor surf cafe and body flight. With a hotel, casino, bingo, clubs, and specialist shops, and no fewer than 21 restaurants, bars, and cafés, the scheme will transform this outer town centre area.

KSDL and CDP have created a joint venture company 'The HD One Kirklees Limited' which will build the scheme. A plan to deliver The HD ONE was presented to the Board of KSDL in May of this year. It predicts preparatory work starting straight away. The total construction plan sees The HD One Leisure Scheme opening late in 2020. However, elements of the Scheme, such as additional car parking and the hotel, are expected to open earlier. Source: <http://www.thehdone.com/>

Railway electrification

Work is already underway electrifying the trans-Pennine route with the section between Manchester Victoria and Stalybridge expected to be completed by December 2017, with the rest of scheme expected to be in place by 2022. However, the 'scope' of the remainder of the route has not been decided, and there remains the possibility that some 'difficult' sections will not be electrified, with bi-mode trains already ordered by FirstGroup, the current Train Operating Company (bi-mode trains can be powered by diesel or electric where overhead wires exist). Also on 20 July 2017 the government announced the cancellation of the Cardiff – Swansea, Kettering – Nottingham/Sheffield and Windermere projects, saying the use of electro-diesel trains could offer similar passenger benefits without needing disruptive engineering works.

Kirklees Local Plan

The Kirklees Local Plan (previously known as the Local Development Framework) is the new development plan being produced for Kirklees. This involves working out how many new homes and jobs are needed in the future for the district and allocating land to meet these needs. The Local Plan will also set out the areas of Kirklees that need protection, including valuable open spaces, areas with high environmental quality and historic value. It will set out the infrastructure needed to make sure that any new developments are sustainable. The National Planning Policy Framework (NPPF) explains what sustainable development means in relation to planning. The Local Plan will contain a map of the district showing where land has been identified for different uses such as housing, employment and open space. Planning policies will also be set out to make sure that development which comes forward will be sustainable. When the Local Plan is agreed and in place, planning applications will be judged against what it says. The Local Plan is timetabled to be adopted late 2017 and was submitted to the Secretary of State for Communities and Local Government on 25 April 2017, to be examined by an independent Inspector. Details of the Local Plan can be found at: www.kirklees.gov.uk/beta/planning-policy/local-plan.aspx

West Yorkshire Combined Authority

The West Yorkshire Combined Authority (CA) is a collaboration between the West Yorkshire authorities. West Yorkshire Combined Authority brings together the public sector in the form of the five West Yorkshire districts plus York, and the business sector through the Leeds City Region Enterprise Partnership (LEP). The Combined Authority is also the Transport Authority for West Yorkshire. The Combined Authority is a governing board of nine political leaders, plus the chair of the Leeds City Region Enterprise Partnership (LEP). It is supported by an officer organisation that undertakes their Boards' policies and actions.

Aims

The LEP and Combined Authority have a joint vision for economic growth in Leeds City Region, which covers the districts of Barnsley, Bradford, Calderdale, Craven, Harrogate, Kirklees, Leeds, Selby, Wakefield and York. Between them they aim to raise the quality of life in our region by creating the right environment for our businesses to grow. They aim to guarantee every young person a job or a training opportunity through the creation of 62,000 good quality jobs in the region. They also want to ensure residents have the right skills and opportunities to access those jobs.

Highlights 2016/17

- Opened two new train stations in the region – Low Moor in Bradford and Kirkstall Forge in Leeds
- Invested £19 million in community bus services
- Provided £10 million grant investment for small and medium sized businesses – set to create 1,340 jobs
- Recruited over 100 local business people to provide advice and inspiration to 130 schools
- Secured an additional £67.5 million growth deal investment

The local economy

Kirklees Factsheets 2017

Gross Value Added 2015 (income approach)

Gross Value Added (GVA) is a standard measure of economic output. It describes the total size of an economy and measures the contribution of all activities which produce goods or services. To produce comparative measures, it is usually expressed as a value for each member of the resident population and so produces a measure of GVA per capita. GVA is a measure of the increase in the value of the economy due to the production of goods and services.

GVA(I) comprises Compensation of Employees , plus Gross Operating Surplus, plus Mixed Income, plus Taxes on Production, less Subsidies on Production.

Compensation of Employees (CoE) is the largest component of income-based GVA and represents the total remuneration payable to employees in cash or in kind, including the value of social contributions payable by the employer.

Gross Operating Surplus comprises Gross Trading Profits and Surpluses, plus Non-Market Capital Consumption, plus Rental Income, less Holding Gains.

Mixed Income is the income generated by sole traders (self-employed people not registered as partners). In National Accounts their income is considered a mixture of profits and self-paid wages.

Taxes on Production are compulsory taxes levied by the government or by institutions of the European Union, relating to the production and import of goods and services, the employment of labour, or the ownership or use of land, buildings or other assets in production. They are payable whether or not a profit is made e.g. business rates.

Subsidies on production are unrequited payments made by general government or the European Union to enterprises. They include subsidies to farmers for land set-aside, as well as government incentives to promote research and development.

Health

Kirklees Factsheets 2017

The Kirklees district is served by one Primary Care Trust. From April 2013 responsibility for the commissioning of local health services passed to Greater Huddersfield Clinical Commissioning Group

and North Kirklees Clinical Commissioning Group. At the same time responsibility for public health passed to Kirklees Council. The district is also served by two acute NHS hospital trusts: Calderdale & Huddersfield

NHS Foundation Trust and The Mid Yorkshire Hospitals NHS Trust (which includes Dewsbury), and one mental health NHS Trust - South West Yorkshire.

Joint Strategic Needs Assessment

Local authorities and clinical commissioning groups (CCGs) have to develop Joint Strategic Needs Assessments (JSNAs) and Joint Health and Wellbeing Strategies (JHWSs), on behalf of the Health and Wellbeing Board.

The KJSA provides a picture of the health and wellbeing of Kirklees people and is used to inform the commissioning strategies and plans of the council, Greater Huddersfield CCG, North Kirklees CCG and the local voluntary and community sector.

It includes information about health needs and assets. Health assets help people and communities to maintain and sustain their health and well-being, such as skills, knowledge, their networks and connections and community spaces, for example parks.

The KJSA site (<http://observatory.kirklees.gov.uk/jsna>) is split up into sections. Each section under the four main headings uses a life course approach to explain who is affected and where and outlines what actions commissioners and service planners can consider.

Wider factors explores home, community and economic factors.

Behaviours explores health behaviours.

People and life events explores specific groups and life transitions.

Conditions explores common health conditions and diseases.

Attendance Allowance November 2016

Attendance Allowance, introduced in December 1971, is a benefit for people aged 65 and over who need help with personal care because of illness or disability. For example, a person may qualify for Attendance Allowance if they have difficulty with washing, dressing or similar tasks. The benefit is not income related, is not taxable and is not based on National Insurance Contributions. In general, the benefit has two payment levels. Those requiring help both during the day and night are eligible for a higher rate of £83.10 per week, otherwise recipients are provided with the lower level of benefit (£55.10 per week). In Kirklees there were 9,100 people claiming the allowance (12.4% of all aged 65 and over, England 13.9%).

Pension Credit November 2016

Pension Credit is an entitlement which guarantees everyone aged 60 and over a minimum income. Pension Credit has two parts: the guarantee credit and the savings credit (only paid to people aged 65 and over). The savings credit provides extra money to people who have income from occupational pensions or savings, giving the recipient a higher income than the guarantee credit. In Kirklees there were 15,360 claimants of Pension Credit of which 2,660 were in couples which accounts for 15.7% of all aged 60 and over (England 14.8%).

Disability

Kirklees Factsheets 2017

Long-term health problem or disability, general health, 2011 Census

A long-term health problem or disability that limits a person's day-to-day activities, and has lasted, or is expected to last, at least 12 months. This includes problems that are related to old age. General health is a self-assessment of a person's general state of health. People were asked to assess whether their health was very good, good, fair, bad or very bad. This assessment is not based on a person's health over any specified period of time.

Disability Living Allowance November 2016

Disability Living Allowance (DLA) is a tax-free benefit for adults and children with a disability or illness who need help with getting around or help with personal care or help with both of these. Normally help must have been needed for at least 3 months and must be likely to be needed for at least a further 6 months. People cannot claim Disability Living Allowance on or after their 65th birthday, even if the need for help started before then, however if they are claimants on their 65th birthday, they can continue to receive the benefit. (People aged 65 or over who need help with personal care may be able to get Attendance Allowance). In Kirklees, 4.2% of all people (around 1 in 24) claim DLA; this increases to 8.1% for ages 60 to 69 (1 in 12). Note: Personal Independence Payment (PIP) is replacing Disability Living Allowance (DLA) for people with a long-term health condition or disability aged 16 to 64; at April 2017 there were 10,034 claims in payment.

Total	5,733	8,883	14,616	10,580

NB: Includes staff on permanent, fixed term and temporary contracts. Excludes casuals, TempDirect and agency staff, PAT trainees, retired teachers and academies (a number of schools became academies during 2017-18). From 2010 the definition of part time has been amended to now be anything less than standard hours for the post, rather than the weekly hours being less than 30 Hours. This brings it into line with the definition now used by the Office for National Statistics.

A photograph of a stadium at sunset. The sun is low on the horizon, casting a warm orange glow. The stadium's steel framework and a tall floodlight tower are silhouetted against the bright sky. The stands are visible in the foreground, with some advertising hoardings like "BETFRED" and "DACIA" partially visible.
